APPRAISER ALLIANCE

Real Partnerships for Professional Appraisers

Appraisal Management Specialist

Building Long Lasting Partnerships!

The Trimavin Appraiser Alliance program was developed to focus on the partnership between our independent appraisers to build the trust and loyalty it takes to establish long lasting relationships. We focus on offering "COD" style payment.

Waiting 60 or 90 days to get paid is simply not realistic. The Appraiser Alliance Program generates a payment process that allows our appraisers to get paid almost immediately after the appraisal is complete and has been submitted.

This allows our appraisers to focus on putting 100% of their attention on the business at hand while building a true partnership knowing that payment is one less worry.

A commitment to a quick payment process.

Appraiser Benefits:
